AM7080

80W Passive 2-Way Bookshelf Loudspeaker

Description

This 80W bookshelf speaker features a 7-inch mid-bass driver and a 1-inch silk dome tweeter for balanced and detailed sound reproduction. With a wide frequency response of 35Hz–23kHz, it delivers deep bass, clear midrange, and crisp high frequencies. The 25mm high-density MDF cabinet features a handcrafted imported rosewood-grain finish, combining refined craftsmanship with an elegant appearance. Its imported high-polymer fiber woofer cone further enhances sound reproduction, making it ideal for home audio systems and high-quality music listening.

Features

- 7-inch mid-bass driver and 1-inch silk dome tweeter for balanced sound reproduction.
- Wide frequency response of 35Hz–23kHz for full-range audio performance.
- Deep bass, clear midrange, and detailed high-frequency reproduction.
- 25mm high-density MDF cabinet for a solid and rigid enclosure.
- Imported high-polymer fiber woofer cone for reliable acoustic performance.
- Handcrafted cabinet with an imported rosewood-grain finish.
